We Wind Up!

What a season it has been! Probably our best competitive year ever (certainly since the 1980's), tons of patrolling members keeping the beach safe, great social functions and the most amazing start to a season with the Centenary Book Launch and Gala Ball.

Unfortunately, I am away next weekend and will miss the end of season wind ups. So, I would like to take the opportunity to congratulate all members of our amazing club on making it such a fantastic season. Congratulations also to all the award winners that will be announced next Saturday and Sunday at the Senior and Junior windups.

Thank you all for making Albany Surf Club such a great place to be! I look forward to seeing you at the AGM (date to be announced) where we will be looking for some of you to join one of the new sub-committees that will guide us forward next season.

Albany! (yeah you know!)
President Rob

Nippers Update

Well it's finally here - the very last activity for the 2017/18 season! This Sunday 6 May will see us get together and celebrate some great achievements at both a club and individual level. It is the day that we acknowledge the great sportsmanship and competitive spirit that has been on display by a crew of fantastic Nippers.

We also have a stack of awards to present, including:

Club Champion and Runner Up

Points Champion and Runner Up

Age Group Manager Award

Club Marathon Champion

The action starts at 12 noon at the Club with a free sausage sizzle and drink for all Nippers, then it'll be time to head upstairs and get into the awards action.

Remember to take the time to say a big thanks to your Age Group Manager and assistants as well as those fluoro orange hero's that look after water safety every week.

See you on Sunday!

Andrew

**PLANNING FOR FUTURE
COASTAL EROSION**

The City of Albany invites you to help plan for management of future coastal erosion at Emu Point and Middleton Beach.

**COASTAL HAZARD RISK MANAGEMENT
AND ADAPTATION PLAN
(CHRMAP)**

SURVEY OPEN: APRIL - JULY 2018

Andrew Halsall Photography

HAVE YOUR SAY....

The City of Albany is inviting the community to have its say on the future of Emu Point and Middleton Beach through a new online social pinpoint survey.

In the face of future sea level rise and coastal erosion, we want the community to identify the assets they value the most and give feedback on their protection.

This feedback will form part of a Coastal Hazard Risk Management and Adaptation Planning process being undertaken by the City to explore the values of our prime beaches, future threats, timeframes, treatments and trade-offs.

Let your views be known!
